

What Price for Handsome Husband?

Buffeted By Fickle Fortune, Francis X. Bushman, One-time Great Lover of the Stage, Offers Himself As a Husband to the Highest Bidder

FRANCIS X. BUSHMAN

BEVERLY BAYNE

MRS. JOSEPHINE K. BUSHMAN

It is one thing to be a movie idol. It is quite another thing to be a fallen idol and broke. Francis X. Bushman realizes this, now that he is back on the bottom rung of the ladder trying to earn his living as a thespian in an obscure stock company of Chicago.

His automobile knocked film-dom for a goal. It was lavender and his chauffeur and footman were attired in lavender liveries to tone with the enormous car. Romance, riches, renown, these were Bushman's three R's and he made the most of them. He and his costar, Beverly Bayne, were the prime heart palpitations of the movie world and public.

Takes Count

Margot Webb, "Miss Atlantic City" in 1927, with her husband, Count Alain de la Palaise, brother of the Marquise Henri de la Palaise de Coudray, erstwhile husband of Gloria Swanson, the motion picture actress. Count Alain and Miss Webb were married in Nice.

CHICKEN FEED CHANGES COAST

(By United Press) Hartford, Conn. — Legislative committeemen, long used to using "chick feed" as a synonym for an insignificant amount, were startled to hear testimony that taking of sand for chick feed was changing Connecticut's coast line. Tons of sand, taken from state beaches, are marketed as far as China as chicken feed and pigeon grit, witnesses testified.

JURY OF 11 HEARS CASES

(By United Press) Hartford, Conn. — A civil action was tried here by a jury of 11 men instead of the customary 12. So much difficulty was encountered in finding the 12th juror that opposing counsel agreed to try the case before 11.

SUNSHINE MELLOWS Heat Purifies

The advice of your physician is: Keep out of doors, in the open air, breathe deeply; take plenty of exercise in the mellow sunshine, and have a periodic check-up on the health of your body.

LUCKIES are always kind to your throat

Everyone knows that sunshine melloWS—that's why the "TOASTING" process includes the use of the Ultra Violet Rays. LUCKY STRIKE—made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED"—an extra, secret heating process. Harsh irritants present in all raw tobaccos are expelled by "TOASTING." These irritants are sold to others. They are not present in your LUCKY STRIKE. No wonder LUCKIES are always kind to your throat.

"It's toasted"

Your Throat Protection—against irritation—against cough

TUNE IN—The Lucky Strike Dance Orchestra, every Tuesday, Thursday and Saturday evening over N. B. C. network.

Pinned By Cupid

A flock of reporters and cameramen were at hand at the Little Church Around the Corner, New York, to wish Gus Sonnenberg, former world's wrestling champ, and his pretty bride, the former Marie Elliot, of Belmont, Mass., lots of happiness. They are pictured together as they left the church after the ceremony.

Omaha—Mrs. Jack Murphy "passed out" completely in a pinocle game here recently. The reason? She held a 1,600 meld. There were 1,500 trumps and 100 acres, a pinocle "royal flush."

New Methods

(By United Press) Chicago, March 17.—The comparatively new talking pictures will be the medium through which the art and science of the 20th century will be preserved for posterity. John E. Otterson, president of Electrical Research Products company, talking picture subsidiary of the Western Electric Company, predicts. Speaking before 1,000 manufacturers in convention in Chicago, Otterson cited examples of university presidents, ministers, politicians, teachers and surgeons who have used or plan to use the personal "talkies" to carry their messages to wider fields and to preserve them for future generations.

Semper idem

"ALWAYS THE SAME" . . . a good slogan for any of a thousand advertised articles whose superior qualities are maintained year in and year out.

Have you ever stopped to consider the time, patience, skill, money and experience invested in every one of the articles you see advertised in this paper? No matter what it may be—a lead pencil or an expensive automobile—the problems of maintaining and improving quality are constantly in the minds of those responsible for their manufacture. Quality must be maintained at all hazards. Quality must be bettered wherever and whenever possible. Prices must be kept at a level that will insure the utmost in value.

Advertised goods must, and do, live up to their advertising. "Semper idem"—always the same. They cannot afford to vary in the least.

Trust advertised goods. Buy them regularly. Read the advertising columns every day to learn what is new. Read them to know what others are buying. Read them to ascertain how you can save money and yet get better merchandise.
