Presidential Secretary Charles G. Ross said today President Truman is taking no direct hand in the efforts to end the crippling shipping strike.

(By The Associated Press)

The greatest shipping strike in strangulation of international commerce and many domestic industries today after hope for a truce was mediator in San Francisco.

The cessation of tugboat activity was an added blow to industries and consumers in New York, already crippled by a strike of truck drivers which has slowed industrial activity and reduced food supplies.

The Association of American Railroads announced the shipping strike had caused 5,000 loaded freight cars to become idle.

In San Francisco, the SUP announced it had received an offer of financial support from John L. Lewis, president of the AFL United Mine Workers, in a congratulatory message which termed the Stabilization Board "that economic boars' nest."

Truck Strike To Close 2,000 **Retail Stores**

New York, Sept. 9 (AP)-The strike of 25,000 truckers in the New York metropolitan area gave New Yorkers a sharp new blow today when a large sugar refining firm suspended operations and a spokesman for a chain store predicted 2,000 retail chain food stores would shut down completely by tomorrow.

The National Sugar Refining company, which claims to be the largest processor in the metropolitan area, said it suspended operations at its Long Island city plant and another sugar firm disclosed it had made no deliveries in the metropolitan area for a week.

The chain store spokesman, who declined use of his name, said Andrew and William, of Tucson, wore a green gown. The compromise plan, advanced by Mayor William O'Dwyer and turned down by the operators earlier, provided for an 18½ cents an hour wage increase, paid vacations and shortening of the work week from

44 to 40 hours. The strike already has resulted in shortages of many consumer and industrial items in New York and

companion stoppages have terminated deliveries of raw materials and finished goods along the east coast.
